

3-Minute Thesis

Three-minute thesis competition

The 3 Minute Thesis competition is based on a concept developed by the University of Queensland (R), Australia, which quickly spread across Australia and New Zealand, and has just gone global.

The **University of Granada** is offering their PhD students the chance to take part in this international competition in collaboration with University members of the Coimbra Group.

The competition is broken down into stages:

1. At the local Doctoral School level
2. At the University level
3. At the level of the International-Coimbra Group.

The final will include PhD students from different European countries belonging to the Coimbra group. The final will take place virtually via live video link up.

The competition will be held in English.

Participation will raise your research profile, develop your skills in public engagement and communication and help you network with researchers from around the world.

To register for the competition:
