

CG 3MT competition 2023

- 1) A **single static PowerPoint** slide is permitted. **No slide transitions, animations** or '**movement**' of any description are allowed. The slide is to be presented from the beginning of the oration.
- 2) **No additional electronic media** (e.g. sound and video files) are permitted.
- 3) **No additional props** (e.g. costumes, musical instruments, laboratory equipment) are permitted.
- 4) Competitors exceeding **3 minutes** are disqualified.
- 5) Presentations are to be **spoken word** (e.g. no poems, raps or songs).
- 6) Presentations are to commence from the stage.
- 7) Presentations are considered to have commenced when a presenter starts their presentation through either movement or speech.
- 8) Coimbra Group additional rule: **videos must be filmed at an institutional live 3MT event**, and not be a “studio” recording. The presentation by the doctoral researcher must stand for itself: oral introductions at the event shall not be included, nor any opening and closing credits by the producers.

# Some technical specifications

- 1) Video must be **as simple as possible**. Only a single static camera shot pointing at the candidate.
- 2) **Video edits are not allowed:**
  - No credits.
  - No music.
  - No introductions.
  - Only one slide illustrating the talk.
- 3) Sound quality. Please, use a **good microphone**.
- 4) Computers or any other devices are not allowed during the presentation.

**RESULTS!** The 3MT is about communicating research results, not mere research plans

- 1) Highlight the outcomes of your research.
- 2) Avoid overstatements.
- 3) Avoid trivialisation.

In addition to the compliance of the technical specifications, the following criteria shall be applied in the local events

## **Comprehension and content:**

- Presentation provided clear background and significance to the research question
- Presentation clearly described the research strategy/design and the results/findings of the research
- Presentation clearly described the conclusions, outcomes and impact of the research

## **Engagement and communication:**

- The oration was delivered clearly, and the language was appropriate for a non-specialist audience
- The slide was well-defined and enhanced the presentation
- The presenter conveyed enthusiasm for their research and captured and maintained the audience's attention
