

ANEXO 1 DP Cardinali Faseb Snowmass 2008

Propuesta de la Facultad de Medicina de la Universidad de Granada para el Grado de “Doctor Honoris Causa” de la Universidad de Granada del Profesor Daniel P. Cardinali de la Facultad de Ciencias Médicas de la Pontificia Universidad Católica de Buenos Aires (Argentina).

FASEB MARC Travel Awards

Desmond Henderson (USA)

Anthony Hutchinson (USA)

Kathleen Somera-Molina (USA)

Isabel Sumaya (USA)

**Federation of American Societies for
Experimental Biology**

FASEB

**Office of Scientific Meetings
and Conferences**

**9650 Rockville Pike
Bethesda, MD 20814-3998
Telephone 301-634-7010
Fax 301-634-7007

The Federation gratefully acknowledges the following educational grants for the FASEB Summer Research Conferences:

Cell Press

Lundbeck Research USA, Inc.

**The National Institute of Neurological
Disorders and Stroke**

**The National Institute of Child Health and
Human Development**

Takeda Pharmaceuticals North America, Inc.

Transoma Medical, INC.

Vanda Pharmaceuticals, Inc.

MELATONIN RECEPTORS: ACTIONS AND THERAPEUTICS

FASEB SUMMER RESEARCH CONFERENCE

**Snowmass, Colorado, USA
August 10 - 15, 2008**

ORGANIZERS

Margarita L. Dubocovich, Ph.D.

David E. Blask, M.D., Ph.D.

MELATONIN RECEPTORS: ACTIONS AND THERAPEUTICS

**Award of the First Aaron B. Lerner
Medallion to the Pioneers
In Recognition of
Outstanding Contributions to the
Field of Melatonin Research**

Opening Lecture

**Melatonin: Historical Perspectives on the
Work of Three Pioneers**

Chairs: ML Dubocovich, DE Blask
♦ The Legacy of Dr. Aaron B. Lerner
♦ Dr. Daniel P. Cardinali
♦ Dr. Russel J. Reiter

Session 1

**Physiological and Molecular Regulation of
the Melatonin Signal**

Chair: DJ Kennaway
Speakers: GC Brainard, J Borjigin, V Simonneaux,
ZZS Ferreira, G Ramirez-Rodriguez,
K Nishiyama

Session 2

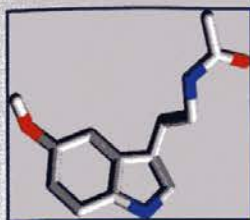

**Methods to Study Melatonin Receptor
Localization and Function**

Chair: DN Krause
Speakers: DF Swaab, DN Krause,
RT Dauchy, K Paul, O Rawashdeh

Session 3

**Melatonin Receptors I: Structure, Ligands,
and Signaling Mechanisms**

Chair: D Sugden
Speakers: M Indarte, RV Rajnarayanan, S Rivara,
R Jockers, G Benitez-King,
PA Witt-Enderby

**On the Golden
Anniversary of the
Discovery of
Melatonin**

Session 4

**Melatonin Receptors II:
Regulation and Efficacy**

Chair: ML Dubocovich
Speakers: ML Dubocovich, HManev, DJ Kennaway,
IC Sumaya, M Seron-Ferre, J Olcese

Session 5

**Melatonin Receptors III:
Regulation of Physiological Function**

Chair: PA Witt-Enderby
Speakers: JH Stehle, C von Gall, JD Johnston,
RP Markus, E Mühlbauer, VM Cassone

Session 6

**Melatonin Regulation of
Cardiovascular Function and Sleep**

Chair: DP Cardinali
Speakers: N Zisapel, M Okawa, DP Cardinali,
FA Scheer, D Sugden, G Tosini,
RE Rosenstein

Session 7

**Melatonin in the Treatment of
Circadian Disorders**

Chair: AJ Lewy
Speakers: DJ Skene, HJ Burgess, SW Lockley,
AJ Lewy, JS Emens

Session 8

**Therapeutic Role of
New Melatonin Receptor Agonists**

Chair: SW Lockley
Speakers: M Miyamoto, KP Wright Jr.,
TS Kilduff, SMW Rajaratnam,
JJ Mulchahey

**Dedicated to
Dr. Aaron B. Lerner
(1920 – 2007)**

Session 9

Melatonin and Cancer

Chair: DE Blask
Speakers: DE Blask, SM Hill, S Cos, SYW Shiu,
WJM Hrushesky, L Mao

Session 10

**Melatonin Receptors in Immune Function,
Neuroprotection, Ischemia-Reperfusion
Injury, and Neonatal Sepsis**

Chair: RJ Reiter
Speakers: RJ Reiter, JM Guerrero,
D Acuña-Castroviejo, LP Niles,
A Carpentieri

Lerner's Permit Award

**For Outstanding Presentations on the
History of Melatonin Receptor Research**

Anthony Hutchinson (USA)

Travel Award

**For Outstanding Research
in the Field of Melatonin**

Pedro Fernandes (Brazil)
Graciela Jimenez-Rubio (Mexico)
Alper Karakas (Turkey)
Luis Carlos Lopez-Garcia (Spain)
Lulu Mao (USA)
Renato Moraes (Brazil)
Eduardo Tamura (Brazil)
Francisco Valenzuela (Chile)
Leonnor Vargas (Mexico)
