

Dear members of the Doctoral School Meeting for Directors,

The International Doctoral School of the UM (EIDUM), in conjunction with the Doctoral School of the UPCT and the Mare Nostrum Campus (CMN), organize the 6th International Doctoral Conference from the 27th to the 29th of May 2020.

We would like to invite doctoral students from your universities to participate in our 6th International Doctoral Conference. We consider that these events will help students to complete their interdisciplinary academic training. Registration is 30 € and students are welcome to submit oral communications or posters on their doctoral research. Attendance certificate will be generated. Certificates for oral and poster communications will be also issued.

One of the aims of our doctoral programs is “to develop the students’ ability to present and disseminate research results from their doctoral theses”. To accomplish this aim, all Doctoral Schools must work together. Please, encourage your students to attend these conferences and to deliver presentations related to their doctoral research.

Further information is available on the website <https://jornadasdoctoralescmn.es>. PhD students may register directly on the website from the 24th of February to the 10th of May and submit their proposals from the 24th of February until the 6th of April.

Thank you in advance for your cooperation.

Kind Regards,

Guillermo Díaz Baños

Director of EIDUM

Pablo S. Fernández Escámez

Director of EINDOC-UPCT
