

Proposal for agreements between Schools and/or Doctoral Programs

With the aim of promoting and facilitating the internationalization of Doctoral Programs and Schools, we propose a model agreement (in Spanish and English) that has been reviewed by the General Secretariat, the Office of the Vice-Rector for International Relations and Development Cooperation and the EIP.

For the management and processing of these agreements, we have the advice of the international area of the EIP (epinternacional@ugr.es)

Agreement Model

The proposal for new agreements is made by the Academic Committee of the corresponding Doctoral Program through the following application form:

Agreement Proposal presented by the Academic Committee of the Doctoral Program
